PLANT For VICTORY

NURSERY STOCK can, and will, play an important part in our drive toward Victory. Since it is "Patriotic to Plant Fruit" for food — and since Secretary of Agriculture Wickard has assured the American people that their supplies of home-canned fruits will not be deducted from their food-ration allotments — we believe that the demand for Garden Fruit Stock will be decidedly brisk.

Because of the war-time restrictions on travel and other forms of recreation, the number of potential buyers of Ornamental Stock has increased greatly, as more and more people turn to the beautification of their home grounds as a means of relaxation—as well as a means of building up their health for war-time needs. We think, too, that most people realize the importance of preserving the beauty of the land that our boys abroad are trying to save.

Therefore, may we suggest that you place your orders early, so as to be assured of an ample supply of both our well grown Ornaments and Fruit Stock.

Visitors are always welcome at our Nursery. Our location on the Jersey Shore is easily reached from all points, due to splendid highways, and to our central location between New York and Philadelphia.

Hardy Field Grown Roses

IT pays to grow the best! Our customers declare that they are obtaining most satisfactory results from our sturdy field grown Roses. This is not surprising, since our plants are provided with an ample supply of plant food, they are cultivated frequently, and they are sprayed at least once each week to combat attacks of fungus disease and insect pests.

Although our Roses are of the Highest Quality, you will note that they cost no more than do plants that have been less carefully grown.

All are grown on *Rosa multiflora japonica* understocks, unless noted otherwise.

Prices mentioned refer to No. 1 grade plants, our price for No. 1½ (medium) grade plants being 33⅓% less than our price for No. 1 grade plants. Patented varieties can be supplied in No. 1 grade plants only.

These are the plants which we are now offering you.

Hybrid Tea Roses

DECIDUOUS TREES

HOW many Shade Trees can be properly grown on an acre of ground? We believe we have the answer—in any event, our stock is well-nigh perfect, and we are selling just about all the Shade Trees that we can dig. Our trees have been afforded plenty of space for ample top and root growth. That's the answer!

Please note that when less than 5 trees of a grade are ordered, our price per tree will be 10 per cent above our printed price per tree (our 10 rate).

We still have unsold quite a quantity of the finest Norway Maples we've ever grown or seen.

POT GROWN

Strawberry Plants

FOR over sixty years we have specialized in the production of Pot-grown Strawberry Plants. They can be depended upon to give decidedly satisfactory results even when planted so late as mid-May. Pot-grown Strawberry Plants will produce fruit in abundance and are far superior to field-grown layer plants.

Everyone should grow Strawberries in their Victory Garden.

Terms and Conditions of Sale

The prices published in this list cancel those in all previous lists. They are based on present market conditions and are subject to change without notice.

SPECIAL NOTICE—We exercise the greatest care to keep our stock clean and true to name. Should any be otherwise, we will return the money paid or replace it with other stock, but beyond this we are not liable for damage. A sure indication of the purity of our stock is that our customers continue to deal with us year after year. A Certificate of Inspection is attached to each shipment.

PRICES—These prices apply only to orders placed by bona fide Nurserymen, Florists and Dealers. Not less than 5 of a variety and size will be supplied at the 10 rate, not less than 25 at the hundred rate, and not less than 250 at the thousand rate.

SPECIAL SELECTION—All stock when specially selected on the Nursery will be sold at prices commensurate with the value of the specimens chosen.

PACKING—All stock is carefully packed in boxes or bales, for which a charge will be made based on actual cost of packing material used. This packing charge will apply to orders which have been paid for in advance of shipment, as well as charge orders. After delivery to forwarders, all articles travel at the risk of the purchaser, and if loss or delay occurs, the forwarders alone are responsible.

CLAIMS—If claims are made upon receipt of goods they will be carefully and cheerfully examined and adjusted. Any claims made 15 days after receipt of goods will not be entertained.

TERMS—60 days net, 2% discount 10 days, from date of shipment. Interest at 6% per annum to be paid after maturity. These terms are offered to those of established credit. Cash, security, or satisfactory references are required from customers not known to us. C. O. D. orders must be accompanied by 25% of the purchase price. When ordering please use printed stationery or enclose business card.
